**KOLCZAK APPOINTED RESEARCH AND CODE APPROVALS  
MANAGER FOR ITW RED HEAD**

Amy Kolczak has been named research and code approvals manager for ITW Red Head, an Illinois Tool Works Construction Products company based in Addison, Ill. ITW Red Head manufactures mechanical and adhesive anchoring systems used in commercial construction and industrial applications.

In this newly created position, Kolczak will support the company's long range plan to optimize the delivery of innovative anchoring systems to the market through development of proactive product testing and liability assessment. Her primary responsibility will be to assist in the establishment of a world class International Code Council (ICC) facility at Red Head to provide ongoing research and support and to enhance testing protocols which support current and new product development strategies.

Previously, Kolczak was product manager with the ITW Brands business, providing technical support and leadership in new product development projects. Kolczak also has served on professional and technical committees at organizations such as the ICC.

"Amy has been a strategic partner of Red Head for more than 10 years and we know she will excel in collaborating with our engineering team in her new role," said Mike O'Reilly, general manager for ITW Red Head.

Kolczak resides in Schaumburg, Ill.

For more information, contact ITW Red Head at 1-800-899-7890 or visit [www.itwredhead.com](http://www.itwredhead.com).
