Cartridge Nozzle Update

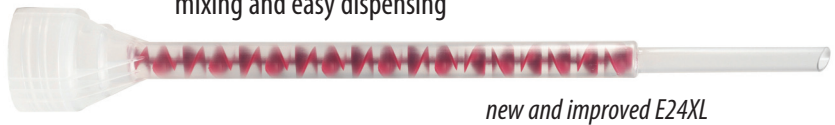

A7-28 NOZZLE	Old A50	NEW E55
-----------------	------------	-------------------

E55 nozzle eliminates separate nut/cap assembly. Simply remove cap/plug and screw the nozzle directly onto the cartridge.

C6-18 NOZZLE	Old E50	NEW E24XL IMPROVED
-----------------	------------	------------------------------

New and improved E24XL nozzle for better adhesive mixing and easy dispensing

C6-18 NOZZLE	Old E24	NEW E24XL IMPROVED
-----------------	------------	------------------------------

Improved cartridge design accepts new E24XL nozzle. Previous cartridges require removal of tip when using the new E24XL for proper fit.
